1. Why Feedback?

Feedback is an important instrument to review the quality of services including teaching-learning and facilities to conduct the activities that are employed at the higher educational institute. New Arts, Commerce and Science College, Parner, being governed by the principle of participatory management and with the transparency, it has established a feedback mechanism on its academic and administrative services and practiced regularly to get insights of services. HEI through its committee collects feedback from stakeholders on curriculum, teaching-learning process, facilities, co-curricular, extension activities and employment opportunities. College also receives feedbacks from various peers, delegates, visitors, citizens through activities, functions, national and international programmes.

During last five years, HEI obtained feedbacks from stakeholders through offline mechanism initially and later on before three years it is integrated with ICT and moved to online mechanism through college website. These feedbacks form the guiding principles to frame the policies, perspective plan as well as to implement them in line with OBE. The feedbacks obtained are analyzed for the suggestions, necessary actions are taken and ATRS are available on college website.

As an outcome of the feedback system, the state-of-the-art infrastructural facilities, an efficient teaching-learning process and services have been rendered to excel in quality education. Institute is accredited with ISO 9001: 2015 certification, NIRF rank band, AISHE Certificates, ARIIA and IIC star ranking, various awards to institute, faculties, students and staff of the college. College is recognized by DST, UGC and RUSA. The numbers of PG programmes and need/skills based short-term certificate courses are initiated at larger scale to satisfy the learning desires of the wards of Parner tehsil. The institute with its sincere efforts reached to the satisfaction level of the stakeholders in terms of its services. The students excelled in achieving their learning goals with the aid of institute.

2. Feedback Mechanism

The college has a well-defined mechanism to obtain feedback online and offline on various activities as well as facilities from stakeholders. The HEI has a feedback committee, which includes teaching as well as administrative and technical staff. The feedback committee collects from students, teachers, alumni, parents, and employers. Recently HEI established an online feedback facility that available on college website.

1. **Student's feedback** is obtained at the end of semester or academic year in the form of standard formats. Student feedback is categorised in two aspects, first on overall college functioning and second on teaching learning process. Feedback on overall functioning of the college is based on the teaching-learning environment, infrastructure, sports, learning resources, canteen facility, function of various committees, activities conducted, etc.
2. **Teacher's feedback** on teaching and learning process covers teaching-learning process, punctuality, communication skills, approach towards the students, sharing of innovative ideas etc. Feedback committee collects individual teacher's feedback and analyse it. The analysis

reports are communicated to the respective Head, IQAC, Principal and management members for corrective measures and then it is communicated to the individual teacher for further improvement.

3. **Employer's feedback:** Employer's feedback is collected from the employers and industries during the orientation session, guidance talks and placement drives and also during industry visits. This feedback helped largely in designing Skill based and Value-added certificate courses.
4. **Alumni Feedback:** The feedbacks are taken from alumni whenever they visit the campus for various programmes such as guidance talks, workshops, informal visits, and Alumni meets. The oral and written feedback based on role of the college in the development of the student and employability, academic excellence. Feedback on curriculum and the use of curriculum in employability is also obtained from Alumni and it is considered while designing the new courses like certificate course, value added courses as well as bridge courses. These feedbacks on curriculum are also communicated to the affiliating university through Board of Studies in particular subjects.
5. **Parents Feedback:** Feedbacks from parents are received in writing as well as verbally during parent meets and whenever they visit the college. These feedbacks are based on overall performance of their ward, learning experience and environment of the college as well as imparting skills and value based education along with their expectations.

Online feedback facility: HEI has integrated the ICT and designed online feedback mechanism. The stakeholders can fill in their feedback and give the suggestion through this online mechanism. These are analyzed and necessary actions have been taken from time to time. The suggestion and recommendations are discussed with head of department, IQAC and Principal. The necessary steps and measures are taken on the feedback and communicated to the respective stakeholders. Feedbacks are also communicated to the management.

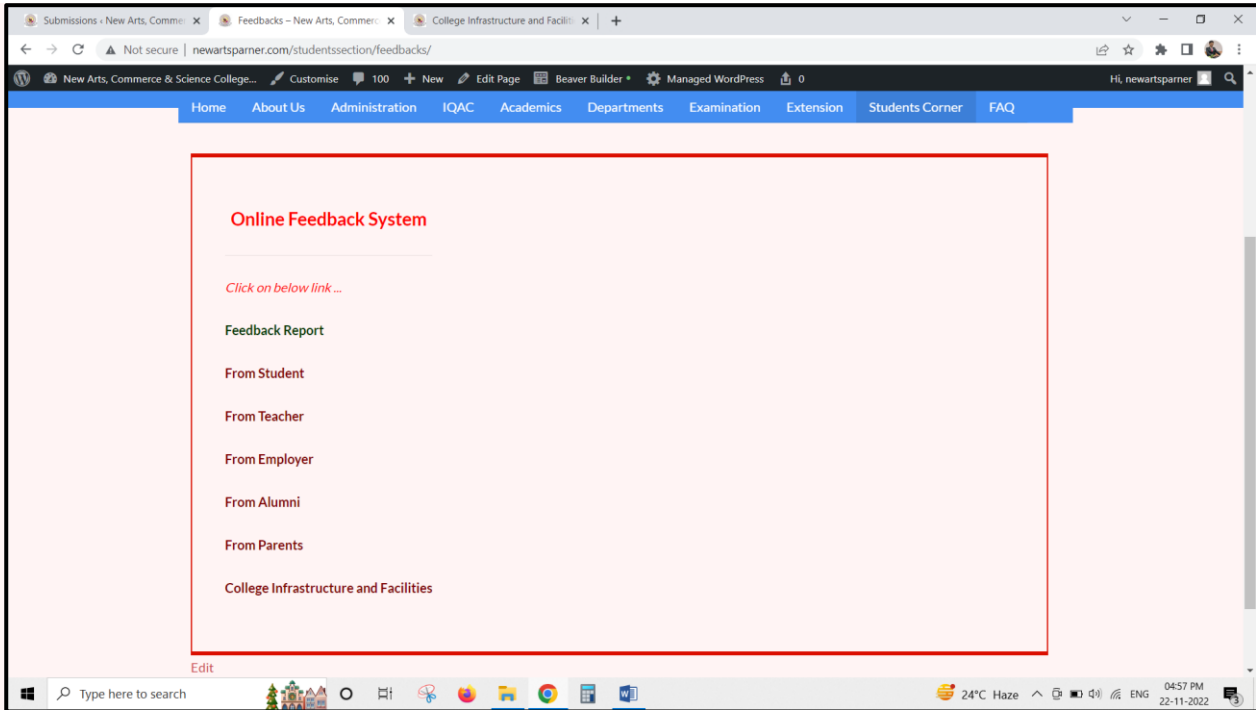

The suggestions regarding curriculum obtained from teachers are communicated to affiliating university through respective Board of Studies and during the curriculum restructuring workshops.

The Feedback Analysis Reports and Action Taken Reports (ATRs) for the last five years are uploaded on college website.

The representative feedback forms, reports and ATRs are mentioned below.

Introduction:

Ahmednagar Jilha Maratha Vidya Prasarak Samaj, Ahmednagar, the parent institute was established in 1918 with an objective of imparting quality education especially to the economically and socially weaker sections of the society in the district of Ahmednagar. It is a public trust, registered under the Bombay Public Charitable Trust Act, 1953. It has substantially contributed to the educational and social developments so far and will continue to do so in future catering to the needs of the changing times. Over the years, it has grown into a family of more than hundred educational institutions from pre-primary education to higher professional education. It is managed by a team of dedicated social workers. During the period of about hundred years, its development has been consistent to its motto “Tajo Si Tejo Me Dehi”.

New Arts, Commerce and Science College, Parner is one of the active educational institute working in the rural area since 1977. It is affiliated to Savitribai Phule Pune University, Pune and recognised under 2(f) and 12(B) of the University Grant Commission, New Delhi. The College has been accredited with “A” grade with CGPA 3.07 on four point scale in 3rd cycle of reaccreditation by NAAC, Bangalore in 2017. The college has continuously upgraded its academic profile with new academic programmes as per the need of the time and to make available the new avenues of career options to students. We have a team of devoted, dedicated teachers and committed support staff. The college has reached its level of excellence due to the constant support and encouragement from the visionary management, devoted and committed team of teaching and support staff and above all, support and affection from the society. We are committed to strive hard to scale greater heights to fulfil expectations of all stakeholders.

Policy:

The performance of HEIs is dependent on effective learning outcomes. Feedback mechanism is an essential and effective tool to identify wheather the HEI is imparting the quality education. Hence our institute has made a policy to avail the feedback from all the stakeholders and to analyse the institutional performance on different fronts. Through continual feedback mechanism HEI ensures the growth and development in infrastructural facilities to strengthen the teaching-learning process.

Objectives:

Feedback is the key feature to maintain academic excellence of a HEI.

Following are the objectives:

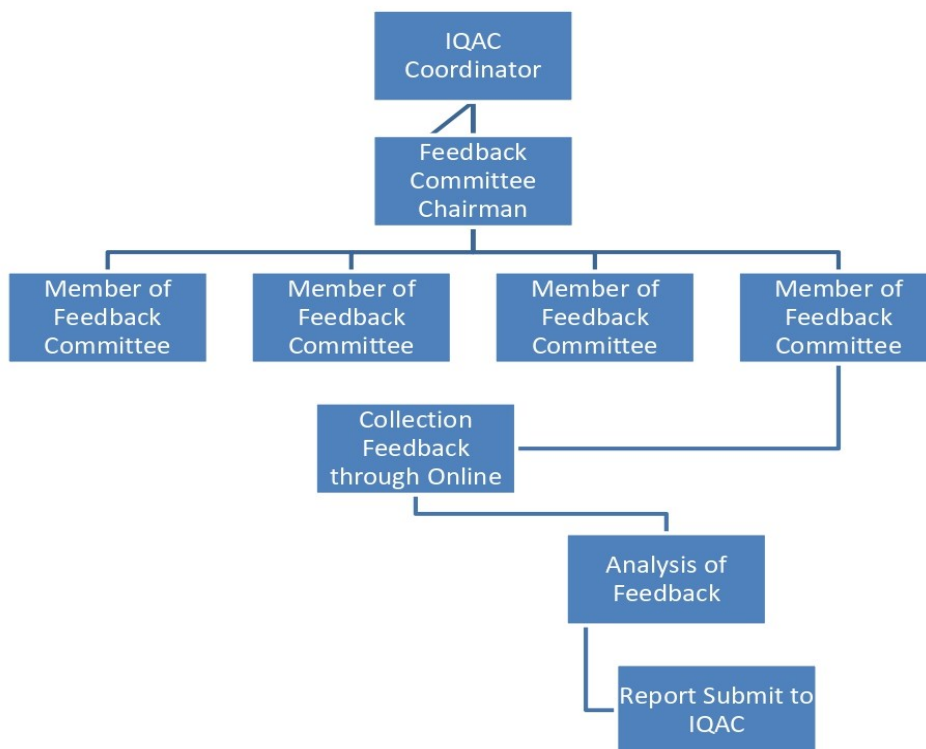

1. To provide various stakeholders with an opportunity to contribute their opinion on the quality of their learning experiences, as required in preparation for and as part of review processes.
2. To assess the success of academic delivery in relation to the expectations of students.
3. To provide feedback to college faculties in order to improve delivery and/or content of the study-unit.
4. To assure the standards and quality of college's infrastructure and prescribed curriculum.
5. To offer the platform to the students in identifying a better role in the teaching-learning process.
6. To identify the obstacles in attaining the learning objectives and outcomes of a particular programme.
7. To support the improvement and up gradation in the teaching methodology at the institution.
8. To avail a network for bridging the communication gap between the management and students.

Role and Responsibilities:

1. To avail the feedback from all the stakeholders and to maintain an up-to-date database of the same.
2. To assist management in creating an learning environment in the college that enables students to have far-lasting memories.
3. To provide the inputs from feedback to improve the quality of our academic programmes and enrich the credibility of the institution.

Policy:

The performance of HEIs is dependent on effective learning outcomes. Feedback mechanism is an essential and effective tool to identify whether the HEI is imparting the quality education. Hence our institute has made a policy to avail the feedback from all the stakeholders and to analyse the institutional performance on different fronts.

Feedback and Learning Outcome committee:

The college authorities have constituted a Feedback and Learning Outcome committee. Its composition is as follows:

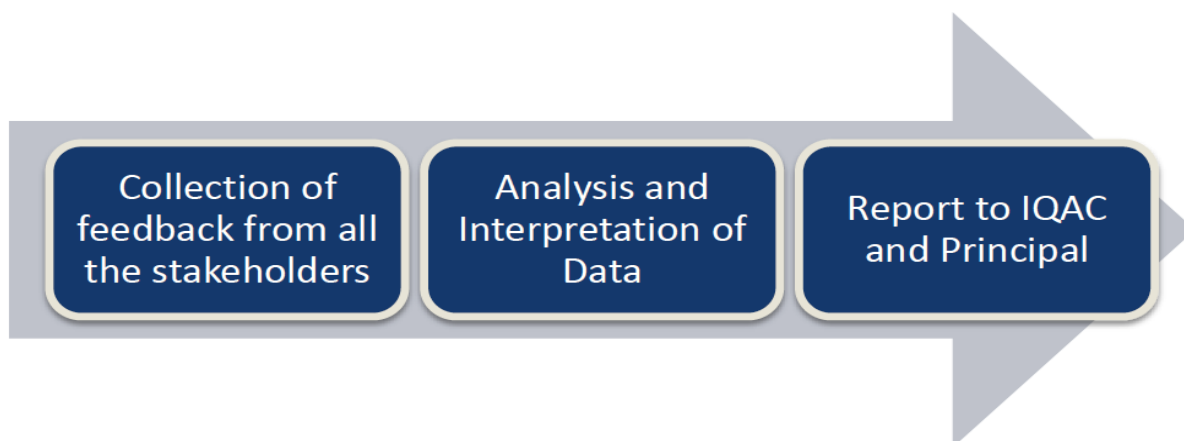

3. To provide the inputs from feedback to improve the quality of our academic programmes and enrich the credibility of the institution.
4. To offer best possible environment and learning experience to reach potential for academic achievement.

Feedback Collection Process:

The feedback committee do the planning about the formats, collection and evaluation of feedback from all the stakeholders such as students, teachers, parents, alumni, employers, etc. To execute the planned activities, regular meetings of the committee have been organized. The feedback are collected online twice in a year in the form of standard formats from all the stakeholders on various aspects such as curriculum development and deployment, infrastructural facility of the college etc.

Student	2	√	√
Teacher	2	√	√
Alumni	2	√	√
Parent	2	√	√
Employer	2	√	√

The collected feedback is analysed thoroughly and a report is submitted to IQAC and the principal. The corrective measures are taken by the respective authorities in CDC meeting. Thus feedback mechanism is used to maintain academic excellence of a HEI.

21.1.17	Praveen G. Saptareshi Professor Emeritus Saritsibai Phule Pune University Pune - Visiting Professor Salisbury University, M.D. W-S-A.	It was pleasant surprise to see all amenities in the rural area. The conference at international level has discussed relevant issues of resource management and sustainable development. The organisers have taken efforts to bring the resource persons from outside India. This has given good opportunity for the students and teachers to get exposed with knowledgeable persons and encouraged to pursue their studies in future. Great luck to the college and Dept of Geography. <div style="text-align: right; margin-top: 10px;">  21.1.17 </div>
