Organized by

Department of Mathematics, S. P. College, Pune

The competition is named after Madhava, who introduced in the fourteenth century, profound mathematical ideas that are now part of Calculus. His most famous achievements include the Madhava-Leibnitz series for  $\pi$ , the Madhava-Newton power series for Sine and Cosine functions and a numerical value of  $\pi$  that is accurate to eleven decimal places. The Competition is named after Madhava, who introduced in the fourteenth century, profound mathematical ideas that are now part of Calculus. His most famous achievements include the Madhava-Leibnitz series for  $\pi$ , the Madhava-Newton power series for Sine and Cosine functions and a numerical value of  $\pi$  that is accurate to eleven decimal places. The "Madhava School", consisting of a long chain of teacher-student continuity, flourished for well over two centuries, making significant contributions to mathematics and astronomy.

## 5. Participative Learning

The participative learning provides student with an opportunity to gain professional values, knowledge and skills. Students also gain the deeper insights of the subject and are empowered to become independent. This helps in building relationship among students and teachers and minimizes the disparity between them. This innovative student centric teaching-learning method is continuously practiced for all programmes at HEI. This method ensures the active involvement of students in the learning process. Following are some of the pictures of the participative learning pedagogies adopted by the institutes across different disciplines:

## Newton's First Law of Motion

**Illustrative Example**

A heavy particle of mass 0.50Kg is hanging from a string fixed with a roof.  
 Find the force exerted by the string on the particle as shown in figure.(Take  $g=9.8\text{m/s}^2$ )

Solution: The forces acting on the particle are,

1. The gravitational force
2. Force due to tension in the string

Particle is at rest ( $\vec{a}=0$ ) w.r.t. earth, Earth inertial frame hence sum of the forces should be equal zero ( $\vec{F}=0$ )

$\vec{F} = \vec{W} - \vec{T} = 0$   
 $\vec{W} = \vec{T}$  Therefore,  $\vec{T} = \vec{W} = mg = 0.50 \times 9.8 = 4.900 = 4.9\text{N}$   
 It is acting vertically upward

**ii. Seminars**

Students seminars are conducted to recognize the learning ability and academic success. This helps to build presentation skills, lifelong learning desire and to promote the overall development of the student. The seminars are conducted periodically by using modern techniques across different programmes. This also helps for their continuous assessment.

## Avishkar Competitions

Avishkar competition is another platform for students to build and prove the research-based problem-solving abilities. It promote the research culture and innovative ideas among the students. Students from the College participate the in it and present their projects, models and Posters held by SPPU,Pune

## v. Mentoring Sessions

The student mentoring system is found to be very beneficial to the students particularly in building self-confidence and choosing their careers of their interest through the guidance, group discussions and motivation given by the mentor. Counselling a girl student's parents about her career resulted in early marriage negotiation. There are some very good examples that students benefited under this scheme in achieving good jobs and guidance about future career, information about different competitive fields. We come across many examples through this scheme which shows it is a very beneficiary scheme. One such example is, some of the students admitted earlier for some professional courses elsewhere but their failure there, they lost self-confidence, mental ability etc., such clever students are built up with their self-confidence and scored excellence in the examination due to mentoring process of mentor. Their parents especially came to college and gave remarkably good performance and were satisfied with their wonderful progress in academics. They had given credit to the college for the healthy atmosphere and disciplined teaching learning process

### Student Mentoring Cell Report 2021-2022

Student mentoring and the handholding is one of the best and appreciated practices in this college with a strong aspect of the Student-centric and student oriented culture of scaffolding. The mentor is a trusted counsellor or guide. The goal of higher education is to nurture the human being responsible for their own betterment but also capable of sustaining society, nature and ultimately for the development of a nation. With this purpose a well-structured mentoring cell has been developed in the college to facilitate the students of this rural area with well evolved mechanism as an appropriate platform to learn, unlearn and relearn the various skill sets to realize the full potential and growth. The teachers in the college as a mentor have been allotted a number of students under this Students Mentoring Cell.

Mentor is focusing on overall development of the mentee through attendance, Academic matters, Health and Physical Wellbeing, Achievements, Talent and Co-curricular activities of allotted mentees.

## चौकटीच्या बाहेर शिक्षण घेतल्यास जीवनाचा विकास होईल : प्राचार्य डॉ.आहेर

पारनेर | नगर सहाद्री

महाविद्यालयात शिक्षण घेत असताना केवळ चौकटीत शिक्षण न घेता चौकटीबाहेर शिक्षण घेतल्यास विकास होईल. असे आवाहन प्राचार्य डॉ.रंगनाथ आहेर यांनी केले आहे. पारनेर महाविद्यालयात रिमोट सेंसिंग अॅण्ड डिजीटल इमेज अॅनालेसीस व लॅड सर्वे कोर्स पूर्णत्वाबाबत सर्टिफिकेट वितरण समारंभ पार पडला. यावेळी ते बोलत होते.

यावेळी प्राचार्य आहेर म्हणाले की, जीवन जगत असताना अभिमान खऱ्या गोष्टींचा असावा. तरच चांगल्या गोष्टी व सकारत्मक गोष्टी प्रत्येकाच्या आयुष्यात घडत असतात, एका ठरावीक आकृती बंधामध्ये आयुष्याचा विकास होत नाही. त्यामुळे प्रत्येक क्षेत्रात पुढे जाण्याचा प्रयत्न केला पाहिजे, ते क्षेत्र कोणतेही असो कारण तंत्रज्ञानाच्या युगामध्ये आपण

कोणत्याही क्षेत्रात माघे पडता कामा नये. कारण तंत्रज्ञान खूप पुढे गेले आहे. आपले अस्तित्व निर्माण करायचे असेल तर प्रत्येक क्षेत्रात स्वतः पुढे येऊन परिपूर्ण करण्याचा प्रयत्न केला पाहिजे, तरच आपली वेगळी ओळख निर्माण होऊ शकते. जीवनात खऱ्या गोष्टींना महत्त्व द्या, नेहमी नवीन शिकण्याचा प्रयत्न करा आम्हांने पेलवायला शिका. असे मत डॉ आहेर यांनी मांडले, उपप्राचार्य डॉ.दिलीप ठुबे म्हणाले की, भूगोल विभागांतर्गत डिपार्टमेंटल कोर्स व ऑनलाईन कोर्स घेतला गेला तो निश्चित

मुलांच्या भविष्यासाठी उपयोगी पडेल. स्व:रोजगार निर्मिती या माध्यमातून होईल, मुलांना स्वतःचा विकास साधता येईल. भूगोल विभाग प्रमुख डॉ.रघुनाथ नजन प्रास्ताविकात दोन कोर्स कशा पद्धतीने घेतले या विषयी विवेचन केले. या प्रसंगी प्रा.डी .एस घुगार्डे व प्रा.किरण ससाणे यांनी मनोगत व्यक्त केले. तर माया काळे, भाग्यश्री देशमाने, अनिकेत गुळवे, शितल चौरे यांनी मनोगत व्यक्त केले. सूत्रसंचालन प्रा.संजय आहेर यांनी केले. तर अभार प्रा.अशोक ठोकळ यांनी मानले.

**Brief Summary of activity/ event:**

The Ahmednagar District Maratha Vidya Prasarak Samaj, New Arts, Commerce, and Science College, Parner College, under the Marathi department, writing and reading workshop, concluded on May 12th, 2022. Senior journalist Mahaveer Jondhale and famous ghazal writer Sanjay Pathade guided the students on this occasion.

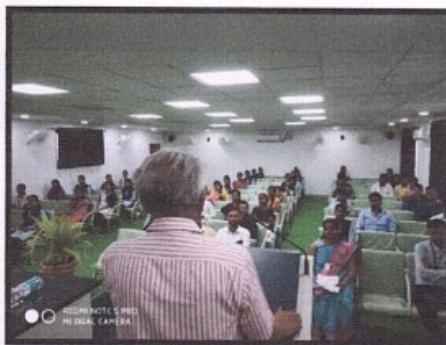

The principal of the college, Dr. Ranganath Aher, expressing his concern, said that in today's age of information technology, the mindset of reading among the youth is decreasing. Therefore, the intellectual development of the students is expected. It doesn't happen. Conducting such workshops in today's era is definitely appreciated. Students participating in this workshop are sure to know the importance of reading and are sure to do better reading and quality writing in the future. Senior journalist Mahaveer Jondhale, who was invited as an expert guide on this occasion, said that this youth class is the future of tomorrow. So, you should look at history with an eye. This history is our cultural heritage. If we do not know our culture and history, our thinking will not be formed. Due to social media, any message or event can be spread far and wide at a very fast speed. We keep pushing these messages without knowing the truth or reality behind them. So often the wrong things are circulated. We have to bear its far-reaching consequences. Therefore, it is necessary to try everything at the level of your conscience without blindly believing anything. Today's younger generation should study the subjects of literature, history, economics, and political science in depth and carefully. We must learn to verbalise our experiences. For that, you should read it first. Reading makes a person rich. By reading, we get used to thinking about pros and cons. We receive a thought reading. He stated that Another expert guide in this workshop, famous ghazal writer Sanjay Pathade, told the students about the ghazal form of composition and presented very poignant ghazals. Earlier, he told the history of Parner taluka and the information about Parner Bhoomiputras recorded by history. At the same time, he told the students about the importance of reading, saying that this personality was formed due to reading. Great writing is not possible

without reading. Writing is an expression. Writing is putting your life into words. So it is necessary to write. How to write a poem? He answered the questions of these students through poetry. Finally, the lecture concluded by presenting a ghazal expressing social consciousness. On this occasion, the principal of the college, Dr. Ranganath Aher, gave an introduction and a welcome. Dr. Dilip Thube, Student Development Officer Dr. Dattatray Ghungarde, Head of Arts Dr. Deepak Sontakke, Dr. Vijayakumar Raut, Prof. Hanumant Gaikwad, Prof. Ashok More, Prof. Virendra Dhanshetty, Prof. Sandeep Thombre, Prof. Jyotsna Mhaske, Prof. Pratiksha Tanpure, Prof. Shubda Arde and other professors were present.
