## 1. College Area

College has developed adequate physical infrastructure spread up over an area of 11.4 acre (46134.16 sq. mtr.) with the inspiration from vision and mission statement towards providing quality education. The total built up area of institute is 13476.65 sq. mtr. that includes administrative block, Classrooms, Laboratory, Seminar Halls, Research Centres, Central Instrumentation Facility, Skills Training Centre, Virtual Classroom, Innovation/Incubation Center, Library, Reading Halls, Gymkhana, Hostels, Guest House, Canteen, Health Centre, Day Care Centre, Common rooms, etc.

These state-of-art facilities are useful to cater the increasing needs of diversified learners. Institute has created a highly conducive environment for all stakeholders with the help of infrastructural facilities and various programmes. The ICT infrastructure highly supports the modern pedagogies in teaching-learning process (TLP). The initiatives for environmental consciousness of HEI offers a green and eco-friendly campus. The green cover on the campus adds to the beauty and learning ambience of institute.

#### 11.2 Electrical

CONTRACTOR will be available as-needed on an on-call basis, prepared to perform routine and urgent electrical maintenance and repairs including but not limited to, the following tasks:

- Assemble, install, test, and maintain electrical or electronic wiring, equipment, appliances, apparatus, and fixtures, using hand and/or power tools. Work from ladders, scaffolds, and roofs to install, maintain or repair electrical wiring, equipment, and fixtures.
- Perform physically demanding tasks, such as digging trenches to lay conduit and moving and lifting of heavy objects. Diagnose malfunctioning systems, apparatus, and components, using test equipment and hand tools, locate the cause of electrical breakdowns and correct the problem
- Inspect electrical systems, equipment, and components to identify hazards, defects, and
  the need for adjustment or repair, and to ensure compliance with all applicable electrical
  codes. Connect wires to motors, drives, circuit breakers, transformers, or other
  components. Place conduit (pipes or tubing) inside designated partitions, walls, or other
  concealed areas, and pull insulated wires or cables through the conduit to complete
  circuits between boxes.
- Test electrical systems and continuity of circuits in electrical wiring, equipment, and
  fixtures, using existing devices such as ohmmeters, voltmeters, and oscilloscopes, to
  ensure compatibility and safety of system.
- Plan layout and installation of electrical wiring, equipment and fixtures, based on job specifications and local codes. Prepare sketches or follow blueprints to determine the location of wiring and equipment and to ensure conformance to all electrical codes. Perform administrative duties such as maintaining records and files, preparing reports and ordering supplies and/or equipment as delegated.
- Emergency work may include troubleshooting and repairing equipment failures, lying temporary cabling and/or wiring, replacement of electrical equipment and/or components, working on high voltage and assisting other contractors as necessary to remedy an emergency situation.

The services to be performed under this Agreement shall commence on 25/01/2021 and be completed on or about next three years. Payment shall be made through Ahmednagar Jilh: Maratha Vidya Prasarak Samaj, Ahmednagar only for services rendered and upon submission of a payment request upon completion and Principal, New Arts, Commerce & Science College, Parner request of the work performed. In consideration for the full performance of the services set forth.

IN WITNESS WHERE OF, PRINCIPAL and CONTRACTOR have executed this Agreement the day above written.

Date: 25/01/2021
