STUDENT MENTORING CELL REPORT

2020-2021

Student mentoring and the handholding is one of the best and appreciated practices in this college with a strong aspect of the Student-centric and student oriented culture of scaffolding. The mentor is a trusted counsellor or guide. The goal of higher education is to nurture the human being responsible for their own betterment but also capable of sustaining society, nature and ultimately for the development of a nation. A large cohort of students is from rural areas, with diversified backgrounds and learning abilities. The college environment is very new for them and they find various difficulties in due course of their student life. Probably students fail to recognize the goals of the institute. The student should have knowledge and skills related to his/her work and as a good citizen.

The mentor's role is to guide, to give advice, and to support the mentee. A mentor can help a person (Mentee) improve his/her abilities and skills through observation, assessment, modelling, and by providing guidance. With this purpose a well-structured mentoring cell has been developed in the college to facilitate the students of this rural area with well evolved mechanism as an appropriate platform to learn, unlearn and relearn the various skill sets to realize the full potential and growth. The teachers in the college as a mentor have been allotted a number of students under this Students Mentoring Cell.

Mentor is focusing on overall development of the mentee through attendance, Academic matters, Health and Physical Wellbeing, Achievements, Talent and Co-curricular activities of allotted mentees.

In Teacher induction programme and "Deeksharambh" A Student Induction Programme in the beginning of each Academic session coincided and collaborated with Student Mentoring Cell with following objective and Duties/Responsibilities of Mentor.

Objectives:

1. To develop healthy relationship between students and teachers
2. To ensure academic and professional performance of the students
3. To inculcate the human values among the students

Duties/Responsibilities of Mentor

- Introduction of group and discussion of the mentor – mentee system.
- Call of meeting and record of details in the form about goal setting & action planning, SWOC analysis and mentoring session.
- Keep a track record of attendance and academic performance and behavioral aspect.
- Support to the student academically and emotionally.
- Contact to parents and to inform them about the progress of their ward.
- Arrange remedial teaching, if necessary.

In academic year 2020-2021 because of Covid-19 pandemic situation academic year has been started late on online and offline mode, so mentoring to first year students is also started late. In academic year 2020-2021 first year 1115 (One Thousand One Hundred Fifteen) students from UG and PG classes were distributed to 35 (Thirty Five) mentors from all programme. In this year mentor tried to guide students by online, offline, telephonically etc. modes. The detailed 2020-2021 academic year's outcome of mentoring cell is also available on college website.

Date:- September, 2021
