**Department wise Action Taken Report on Feedback
Academic Year-2019-20**

Feedback is one of the most important components to tracing out the general process in curriculum and planning for future improvements. We have decided to take feedback of final year students of graduate and postgraduate students, their parents, alumni on curriculum design and overall development of the college

The feedback mechanism is an essential and effective tool to identify whether the college is imparting quality education. Hence our college has made a policy to avail the feedback from all the stakeholders. The college authorities have established a Feedback committee.

The feedback committee do the planning about the formats, collection and evaluation of feedback from all the stakeholders such as students, teachers, parents, alumni, employers, etc. Regular meetings of the committee have been organized to execute the planned activities. The feedback is collected online twice a year in the form of standard formats from all the stakeholders on various aspects such as curriculum development and deployment, infrastructural facility of the college etc

Stakeholder	Number of feedbacks collected	Feedback on curriculum development and deployment	Feedback on the infrastructural facility of the college.

Teacher	2	√	√

The collected feedback is analysed thoroughly and a report is submitted to IQAC and the principal. The corrective measures are taken by the respective authorities in CDC meeting. Thus feedback mechanism is used to maintain academic excellence of a college

In the Academic year 2019-20, the feedback committee has decided to avail the feedback in online mode with the permission of the Principal. The feedback forms and formats are designed jointly by the committee and IQAC. The forms are uploaded on the college website and feedback is collected online from all the stakeholders in a planned schedule. The committee has received feedback from all the stakeholders. We have collected feedback from different stakeholders. This feedback is analyzed by the feedback committee.
