Activity Report

Title of Activity	Exhibition & Demonstration of Physics Experiments for School Students
Date/ Duration	09/01/2024 (One Day)
Number of Participants enrolled	33
Venue	Physics Lab I

Exhibition & Demonstration of Physics Experiments for School Students activity is carried out by Department of Physics in the presence of Principal Dr. L.S. Matkar on Tuesday, 9/01/2024 at 2.00 p.m. In this activity 24 students and 01 teacher of New English School, Parner have been participated.

Prof. (Dr.) S. L. Kadam, Head of the Department honoured Principal Dr. L.S. Matkar and welcomed the students and staff of New English School, Parner. He introduced students with staff of Physics Department and then he gave the information of Department of Physics and activities conducted by Department for the students.

In the addressing speech Principal Dr. L.S. Matkar aware the students regarding their experiments in their science book and explained importance of such programme to understand the basic concepts in Physics through experiments. He spoke about research opportunities in future and gave best wishes for students bright future.

There were 6 set of experiments in the 10th standard syllabus and two demonstrations:

❖ List of Experiments:

- | | |
|------------------------------|--|
| 1) Ohms law | 2) Resistance in series and Parallel |
| 3) Joules law of heating | 4) Magnetic Effect of Electric Current |
| 5) Refractive Index of Glass | 6) Spectra through Prism |

❖ List of Demonstration :

- 1) Laser Show 2) Heat Engine Models

Students were distributed in 04 groups and each group was explained by one teachers of Department. In this way by rotation arrangement each experiment was done by all students in every group. Students showed enthusiasm while performing these experiments. They asked questions and cleared their doubts regarding Physics. Also students have shown their interest in Physics.

The participated students have expressed gratitude towards Department of Physics for organizing such an activity.

Outcome of activity/ event:

1. Students from rural background gets familiar with advanced instruments which they have studied in their syllabus
2. They understood most of the concept through experiments.
3. Developed interest in Science.

IQAC/HBSU/2023-24

Date-08/01/2024

From the academic year 2023-24 onwards, all the constituent colleges affiliated to Dr. Homi Bhabha State University, Mumbai, the curriculum plan will be implemented as per National Education Policy-2020. It is for the first year of UG courses and for the first year of postgraduate courses.

At a time when the higher education system is undergoing a complete overhaul and radical sweeping change, there is an urgent need for awareness and continuous counselling. The impact of these changes will mostly be on the students who are studying in Class 12 from Junior College. It's about the students. In that regard, the basic principles of the student's education. In fact, if it is to come, it must reach the 12th grade students of this year.

Many of the students studying in class 12 are moving away from higher education because of their academic difficulties. While providing opportunities for higher education to such students in the HBSU and its constituent colleges, it is necessary to pass on the information about the courses to their attention.

For this, every constituent college of HBSU need to be made aware of these educational changes by conducting a comprehensive outreach campaign for class 12 students in their field in nearby junior colleges and UG colleges for PG programs. It is necessary to make students aware of these educational changes that is happening in the curriculum of HBSU by implementing a comprehensive strike and campaign.

On this plot, to increase the GER and to inform the positive changes in the curriculum due to implementation of NEP-2020, Government of Maharashtra directing to implement School Connect (NEP Connect) outreach program all over Maharashtra during January 15th to 31st, 2024. We, HBSU are likely to take the lead for this outreach program. The aim of the School Connect (NEP Connect) outreach program is.

1. Guiding students and parents on student-centered changes and their beneficial outcomes in NEP-2020.
2. To inform about the experience-based, multidisciplinary flexible curriculum designed by the university.
3. To provide reliable information about the creative, professional, and skill-based discourse included in the study.
4. To explain the Credit Based Courses and the flexibility that comes from it.
5. To inform about the scholarships available for students.
6. To inform about the opportunities in university for overall development of the students.

To initiate this on **10th January**, a training of Master Trainers is organized by IQAC, Dr. Homi Bhabha State University, Mumbai at 11.00am.

All the academicians are welcome to be a part of this School Connect program by HBSU and is inspiring to become a Master Trainer for this program.

Subject: Invitation as a Resource Person for Alumni Guidance Lecture Series 2023

Our college is established in 1977 in order to educate the deprived masses in this region. Presently, we are catering the diversified needs of the youths of this district as well as districts around us in the form of graduate and postgraduate students (B.A., B. Com., B. Sc. and M.A., M. Com., M.Sc. and Ph.D.). It is accredited by NAAC, India with 'A⁺⁺' grade with CGPA of 3.54 on 4 point scale for the fourth time in 2023 and is recognized for its academic, research and extension/outreach activities by Gov. of Maharashtra as well as Gov. of India. College is supported by UGC as well as DST, India.

We request you to accept our invitation and oblige us by conducting Lecture Series as per your convenient schedule.

Title of Activity	Certificate Course on Safety Awareness in Chemical Laboratory and Industry
Date/ Duration	05 - 12 February 2024
Name of the Guest/ Speaker with designation	Dasharath Borude (Ex. IAF Officer), President, Bhairavi Industries Pune
Number of Participants enrolled	41
Collaborating Agency	Bhairavi Industries Pune and IQAC of New Arts Commerce and Science College Parner
Venue	Room No. 102

Brief Summary of activity/ event:

Department of Chemistry is conducting a short term certificate course on 'Safety Awareness in Chemical Laboratory and Industry', with kind permission of Internal Quality Assurance Cell (IQAC), College Development Committee (CDC) and Management of our institute for the benefit of students and industry personnels since 2017. The aim of initiating this course is to create awareness about safety and train them for safety work culture in chemical laboratory and industries. It is of thirty lectures curriculum including demonstrations and laboratory work.

41 students were enrolled from UG to PG classes. Teachers of the department have planned and executed this certificate course successfully. Department has executed a planning of lectures A retired Air Force Officer Mr. Dasharath Borude President, Bhairavi Industries Pune . (Dr.) Anil Athare, Head of the Department, Prof. Dr.T.S.Thopate IQAC Coordinator as well as different teachers of chemistry department have delivered lectures for a special safety training on different modules. After completion of course we have conducted online quiz for for evaluation of safety knowledge into students. the successful candidates were honoured with certificates by providing online link through google drive. The students have done the *Safety Audit* of her Chemistry Department. The students placed their feedback regarding conduct of the course and shared their experiences. Many students demanded and requested to start such enrichment courses in the department.

On the occasion of this certificate course New Arts, Commerce and Science college Parner, Department of Chemistry and Bhairavi Industries Pune have undersigned the MoU's Since January 2024.

Outcome of Activity/ event:

1. Students were aware about Chemical Safety
2. Importance of safety while performing practicals in daily routine.
3. Students get trained about operation of fire extinguishers on different types of fires.

Certificate course in Digital Marketing

Examination Time

Outcome /Observations

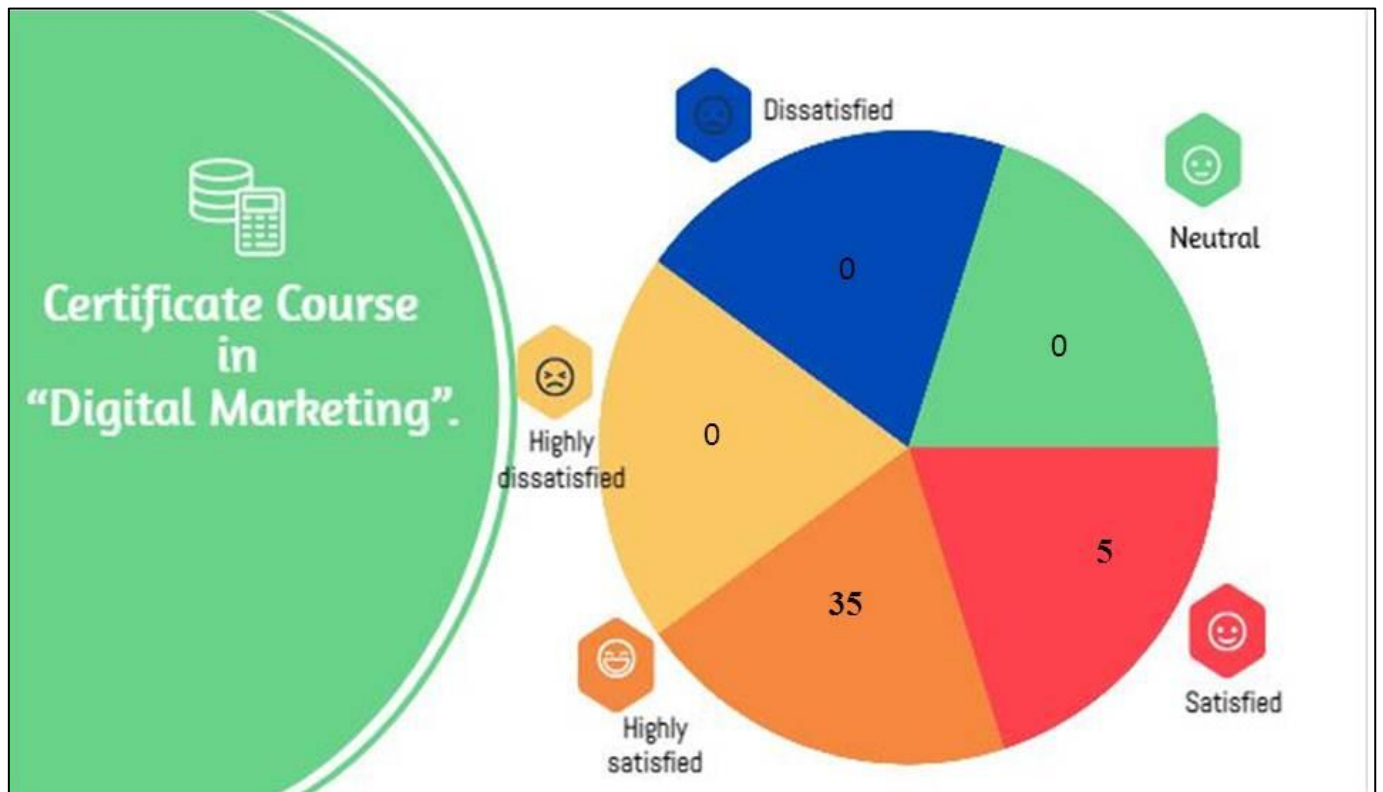

The outcomes and observations of a certificate course in college can vary depending on the specific course content and goals. However, some general outcomes and observations might include:

1. **Knowledge Acquisition:** Students gain knowledge and understanding of the subject matter covered in the certificate course. This could include theoretical concepts, practical skills, or both.
2. **Skill Development:** Certificate courses often focus on developing specific skills relevant to a particular industry or field. Students may develop technical skills, communication skills, problem-solving skills, or other skills depending on the course content.
3. **Application of Learning:** Students may have opportunities to apply their learning in real-world contexts, through projects, internships, or practical exercises. This application can help reinforce learning and demonstrate competency.
4. **Networking:** Certificate courses can provide opportunities for students to network with peers, instructors, and professionals in the field. This networking can be valuable for future career opportunities, mentorship, and collaboration.
5. **Assessment and Feedback:** Students receive feedback on their performance through assessments such as exams, assignments, or presentations. This feedback helps students understand their strengths and areas for improvement.
6. **Confidence Building:** Successfully completing a certificate course can boost students' confidence in their abilities and knowledge within the subject area. This confidence can be valuable as students pursue further education or enter the workforce.
7. **Recognition:** Upon completion of the certificate course, students receive recognition for their achievement. This recognition may come in the form of a certificate, transcript notation, or other documentation that can be included in resumes or portfolios.

8. **Career Advancement:** For many students, completing a certificate course can lead to career advancement opportunities. Employers may value the additional skills and knowledge gained through the course, making students more competitive in the job market.

9. **Personal Growth:** Beyond academic and professional benefits, certificate courses can also contribute to students' personal growth and development. They may gain a deeper understanding of themselves, their interests, and their goals through the course experience.

Feedback

Conclusion

The conclusion of a certificate course in colleges typically involves several key components:

1. **Final Assessments:** Students often undergo final exams, projects, or presentations to demonstrate their understanding and proficiency in the subject matter.
2. **Evaluation:** Course instructors or evaluators assess students' performance based on predefined criteria or learning objectives.
3. **Grading:** Students receive grades or marks based on their performance in the final assessments and other course activities.
4. **Awarding of Certificates:** Upon successful completion of the course requirements, students are awarded certificates or diplomas as formal recognition of their achievement.
5. **Feedback:** Students may receive feedback on their performance, which can help them understand their strengths and areas for improvement.
6. **Celebration:** Some colleges may organize ceremonies or events to celebrate the accomplishments of certificate course graduates.
7. **Transition:** For students, the conclusion of the certificate course marks a transition point where they can apply their newly acquired skills and knowledge in their careers or pursue further education.

Overall, the conclusion of a certificate course signifies the culmination of the learning process and the readiness of students to embark on new opportunities armed with their acquired expertise.

Activity Report: Academic Year 2023-24

Title of Activity	Group Discussion
Date/ Duration	24/02/2024 (One Day)
Number of Participants enrolled	14
Venue	BBA-CA Computer Lab

Brief Summary of Activity/ Event:

Department of BBA-CA organized Group Discussion on the topic "Importance of Artificial intelligence"
The objective of this group discussion activity is to provide students with a platform to express their ideas, actively listen to their peers, constructively debate various topics, and collectively arrive at well-reasoned conclusions. By participating in this activity, students will enhance their ability to articulate their thoughts effectively, respectfully consider diverse viewpoints, and develop the skills necessary for successful teamwork and cooperation. This activity aims to cultivate a supportive environment where students feel empowered to contribute meaningfully, engage in intellectual discourse, and strengthen their overall communication skills.

Lastly, they have been told to draw conclusion and to summarize group discussion. They highlight all the important points discussed by the two groups. They had given thanks to the department in organizing such event. Prof Atkar P.R. and Prof. Shinde R.A. carried out all mechanism smoothly in the event of group discussion.

Outcome of Activity/ Event:

- 1. Preparation for Real-world Situations:** Participating in group discussions prepares students for various real-world scenarios where effective communication and collaboration are essential, such as teamwork in the workplace or community engagement
- 2. Problem-Solving Abilities:** Group discussions often involve addressing complex issues or topics, which helps students develop their problem-solving skills by brainstorming solutions collectively.
- 3. Respect for Diverse Perspectives:** Group discussions expose students to diverse viewpoints and opinions, promoting tolerance, empathy, and respect for others' perspectives

Details of the Journey

Department of BBA-CA, New Arts, Commerce & Science College, Parner had organized an industrial visit on 9th March 2024 to TechnoArtz, 9th floor, City vista, Kolte Patil Downtown, Office no-18, B-Building, Fountain Road, Kharadi, Pune, Maharashtra 411014. The Company was located in the Pune area of Maharashtra.

The visit was organized and coordinated by Pro. Shinde R.A. and Pro. Atkar P.R., Professor of New Arts, Commerce & Science College, Parner. We started traveling from the college campus at 9.30 am via our college bus. Totally 45 students along with 2 coordinators/faculty were there in the journey.

Industrial visits are arranged by colleges for the students to provide an opportunity to explore different sectors in which the students are passionate about it, Preparation for Real-world Situations, Problem-Solving Abilities, and Respect for Diverse Perspectives. Industrial visit helps to mix theoretical knowledge with practical knowledge in a good way. Hence, Industrial realities are opened to the students through industrial visits.

Purpose of the Industry Visit

Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies.

While studying in college before, theoretical classes are so boring; to balance the situation and keep it more interesting practical knowledge has been introduced.

Nowadays practical and other curricular activities are included in the part of the syllabus so that students can study more diligently. Similarly, an Industrial visit is a type of practical knowledge that introduces us to the working world. Before proceeding, we need to know what the industrial visit it serves several important Objectives:-

Exposure to Real-world Practices: Students get a chance to see how theoretical knowledge is applied in practical settings within the IT industry. This exposure helps bridge the gap between academia and industry, giving students a clearer understanding of their future roles.

Insight into Industry Trends: Industry visits offer students insights into the latest trends, technologies, and practices within the IT sector. This knowledge can be invaluable for students in shaping their career paths and making informed decisions about specialization areas.

Understanding Company Cultures: Visiting IT companies allows students to observe different organizational cultures, work environments, and management styles. This exposure helps students understand the diverse range of workplaces they may encounter in their careers and identify environments where they might thrive.

Practical Learning Opportunities: Some industry visits may include workshops, demonstrations, or hands-on activities where students can apply their skills and knowledge in a real-world context. This practical learning experience enhances their understanding and prepares them for future challenges in the IT industry.

Objective of the Industry Visit

The objective of an industrial visit is to provide students with an insight into the corporate world. It provides students with a practical real-world perspective on different functions in organizations such as Marketing, HR, Advance Technology, Customer Service, Logistics, etc.

Moreover, it gives exposure from the academic point of view to the students. The main aim of industrial visits \ Educational trips is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial Practices and working. Here are some specific objectives:-

Practical Insight: The primary objective is to give students a practical understanding of how IT companies operate, including their organizational structure, departments, and workflows. This exposure helps students relate theoretical knowledge gained in classrooms to real-world scenarios.

Career Exploration: Industry visits provide students with insights into various roles and career paths available within the IT industry. By observing professionals at work and engaging in discussions with them, students can gain clarity on their career aspirations and the skills required to succeed in their chosen field.

Networking Opportunities: Another objective is to facilitate networking between students and industry professionals. Meeting with employees of the IT company allows students to establish connections, seek advice, and potentially explore internship or job opportunities in the future.

Feedback and Reflection: Following the visit, students may be asked to reflect on their experiences and provide feedback. This helps educators understand the effectiveness of the visit in meeting its objectives and allows students to consolidate their learning.

Overall, the objective of an industry visit to an IT company for college students is to enrich their learning experience, broaden their horizons, and prepare them for future careers in the dynamic and rapidly evolving field of information technology.

Conclusion

Industrial visits are arranged by colleges for the students to provide an opportunity to explore different sectors in which the students are passionate about advanced technology, Customer services, finance, and marketing. Industrial visit helps to mix theoretical knowledge with practical knowledge in a good way. Hence, Industrial realities are opened to the students through industrial visits.

Industrial visit is considered to be the most tactical method of teaching. A student pursuing a particular degree will be taken to companies or industries associated with their branch.

There the students will get to know the procedures, processes, work environment, management efforts taking place in the industry. The main reason behind this is, it lets students understand things practically through interaction with the industrial environment, working methods, and employment practices.

Moreover, it gives exposure from the academic point of view to the students.

The main aim of industrial visits is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial practices and working.

Venue	College Campus

Brief Summary of activity/ event:

The 'Meri Mati Mera Desh Abhiyan' program of the Government of India and the Panchpran Pledge' program were implemented in the college. Hon. Prime Minister Narendra Modi, while concluding the Amrit Mahotsav of Independence, has appealed to the nation to organize a program like 'Shaheedon ko Naman, Mati ko Vandan' under the 'Meri Mati, Mera Desh' initiative. Responding to this appeal, this initiative was implemented on 8 September 2023 by New Arts, Commerce and Science College, Parner College's National Service Scheme, Student Development Board, and National Cadre Army Department. On this occasion, students, teachers, and non-teaching staff of the college collected a handful of soil brought from their respective areas in an Amrit Kalash and uploaded selfies with their soil on the government's website. Similarly, the principal of the college, Dr. Rangnath Aher, guided everyone by giving the Panchpran Pledge. On this occasion, he said that our country is an agricultural country. While we are developing ourselves, we should maintain a connection with our soil. We should be grateful for the soil from which we were born. For this soil—for the country—a huge number of patriots have sacrificed. Today, on the occasion of this Amrit Mahotsav of Indian Independence, let us take the Panchpran Pledge and pay homage to this soil and pay homage to the sacred memory of the brave martyrs. A total of 171 students and 21 teachers and non-teaching staff were present on this occasion.

Outcome of Activity/ event:

1. Patriotism increased among the attendees.
2. The sense of pride for our country and homeland was awakened.

Brief Summary of activity/ event:

Ahmednagar District Maratha Vidya Prasarak Samaj's New Arts, Commerce, and Science College, Parner, in association with Rural Hospital Parner, Red Ribbon Club, Parner, National Service Scheme, Student Development Board, and National Student Army, organized a "Voluntary Blood Donation and Health Checkup Camp" under the Ayushman Bhava scheme on Friday, September 21, 2023, at 10:30 am. In this camp, students, professors, staff, and citizens of the college participated spontaneously and donated blood. Also, the health of the students was checked, and blood group, hemoglobin, and HIV were tested under ICTC. On the occasion of this camp, Medical Superintendent of Parner Rural Hospital Dr. Prakash Lalge, Medical Officer Dr. Sachin Dafal, Laboratory Technician Mr. Tarte, Counselor of ICTC Mr. Vikas Walunj, Director of Arpan Blood Bank Mr. Sudarshan Shinde, Mrs. Bhagyashree Pawar, Hind Lab, Parner Mr. Shubham Kale, and Shri. Aniket Dhage and other dignitaries were present. While guiding the students on the occasion of the inauguration of the camp, Dr. Prakash Lalge said that under the Red Ribbon Club and Ayushman Bhava campaign, college students should create more AIDS awareness in the society and donate blood. Only through public awareness can we prevent the spread of AIDS in a better way. Therefore, he appealed to all the students to understand this as their duty and participate in this initiative. Similarly, we should regularly check our health. So that we can take care of our health and live a healthy life.

While guiding the students of the camp on this occasion, the principal of the college, Dr. Ranganath Aher, said that the students of the college should take nutritious food to maintain the right hemoglobin level and develop a healthy personality. Blood donation and health check-up camps and supplementary activities are regularly organized in our college through the National Service Scheme. All students should be aware of their health. Our diet and lifestyle should be kept good accordingly. Our college has a well-equipped gymkhana and yoga center for body fitness. Students should make proper use of it. Along with this, yoga and pranayama should be done regularly. Only then can we build a healthy India. A total of 174 students participated in

the voluntary blood donation and health check-up camp. A total of 31 volunteers donated blood enthusiastically in the camp. Also, a total of 29 students got HIV tested under ICTC, and a total of 76 students got their hemoglobin and CBC checked. On the occasion of the inauguration of the said camp, the Vice Principal of the college, Dr. Dilip Thube; Student Welfare Officer Dr. Ravindra Deshmukh; Office Superintendent Mr. Savkar Kakade; Physical Education Director Dr. Sanjay Gaikwad; Rashtriya Chhatra Sena Prof. Bharat Dagle; Arts Branch Head Dr. Deepak Sontakke; Prof. Dr. Vijaykumar Raut; Dr. Ashok Ghorpade; and Prof. Sanjay Aher were present. The program was introduced by the National Service Scheme Program Officer, Prof. Mahesh Aher; thanks were given by Dr. Hanumant Gaikwad and moderated by Dr. Maya Lahare. The volunteers of the National Service Scheme put in special efforts to organize the camp.

Outcome of Activity/ event:

1. Health awareness among students.
2. Students were encouraged according to the line "Blood donation is the best donation"

Brief Summary of activity/ event:

Ahmednagar District Maratha Vidya Prasarak Samaj's New Arts, Commerce, and Science College, Parner College, celebrated World AIDS Day on 01 December 2023 on behalf of its National Service Scheme.

On the occasion of World AIDS Day, a lecture and rally were organized in the college by the Rural Hospital, Parner, Red Ribbon Club, and National Service Scheme Department. On this occasion, lectures were given by Dr. Lolge Madam (medical officer) and Mr. Vikas Walunj (counselor, rural hospital, Nevasa). On this occasion, Dr. Lolge informed the students about how AIDS reduces the immunity of our body. She further said that we have to face many diseases. There is only one solution for that, and that is to take care to prevent this disease. We should behave like normal people with AIDS-affected people in the society. They should also be treated equally in the society.

Also, while guiding the students on this occasion, Vikas Walunj stated that AIDS is caused by four main reasons: unprotected sex, transmission from an AIDS-infected pregnant mother to her child, reuse of unsafe syringes, and AIDS-infected blood. Therefore, we should always take care of these things. We look at the horoscope of the boy and girl while arranging a marriage. Accordingly, we arrange their marriage. But, today, instead of checking the horoscope, it is necessary to do an AIDS test. This will save three lives. At the same time, the low treatment caused by this disease by the society will also stop. On this occasion, the principal of the college, Dr. Laxman Matkar, said in his presidential address that if every person does wrong things and goes in the wrong direction while living his life or deciding the direction of his life, it has far-reaching consequences in life, and many consequences have to be faced later. Similarly, everyone should take health seriously. We should try to live a good life without falling victim to crises. Speaking further, he said that the youth should create awareness about AIDS. The youth should contribute to creating awareness in the society. There are some misconceptions about this disease. People should be made aware of it. College youth should raise their voices and create

awareness on some important and serious issues in so many misconceptions. On this occasion, an AIDS awareness rally was organized by the college and rural hospital, Parner. A total of 83 volunteer students participated in this initiative.

On this occasion, Dr. Lolge Madam (Medical Officer) of Rural Hospital, Parner; Mr. Vikas Walunj (Counselor, Rural Hospital, Nevasa); Mrs. Deshmukh (Laboratory Technician); Principal of the Mahavidyalaya, Dr. Laxman Matkar; Office Superintendent Mr. Savkar Kakade; professors; and other employees were present. The program was introduced by the National Service Scheme Program Officer, Prof. Mahesh Aher, thanks to Dr. Hanumant Gaikwad, and moderated by Dr. Maya Lahare.

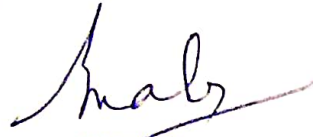

Outcome of Activity/ event:

1. Misconceptions about AIDS among students were dispelled.
2. The students took an oath to create awareness in their areas.

-BLOOD DONATION -

Academic Year 2023- 24

Activity Report

Title of Activity	Blood Donation
Date/ Duration	21 September 2023
Name of the Guest/ Speaker with designation	Asst. Prof- S.M.Gaikwad
Number of Participants enrolled	71 = 19 Teacher+30SD+14 SW +1 ANO+ 5 Boys + 2 Girls
Collaborating Agency	--
Venue	New Arts, Commerce and Science College, Parner

Brief Summary of activity/ event:

Blood is vital for life — you can't live without it. Blood circulates throughout your body to deliver essential nutrients and oxygen to your cells. When someone goes through surgery or has traumatic injuries, such as from a car accident, blood transfusions help replace any blood they have lost. Likewise, patients undergoing cancer treatment may not be able to produce enough platelets to form clots and stop bleeding, and transfusions help reverse that loss.

Everyone has their own reasons for donating blood. Some people do it because they want to help those in need -one donation can save up to three lives. Others do it because they know someone who might need blood one day. Some might even do it for the snacks and juice! No matter the reason, donating blood is a safe, simple process that takes less than an hour but can have a lifelong impact on the recipient.

Outcome of Activity/ event:

1. Donating blood can help other people to maintain good health or allow them to stay alive.
2. Staff members and N.C.C. cadets get aware that A blood donor is equal to a lifesaver.
3. Increases the level of blood donors.
