Details of the Journey

Department of BBA-CA, New Arts, Commerce & Science College, Parner had organized an industrial visit on 9th March 2024 to TechnoArtz, 9th floor, City vista, Kolte Patil Downtown, Office no-18, B-Building, Fountain Road, Kharadi, Pune, Maharashtra 411014. The Company was located in the Pune area of Maharashtra.

The visit was organized and coordinated by Pro. Shinde R.A. and Pro. Atkar P.R., Professor of New Arts, Commerce & Science College, Parner. We started traveling from the college campus at 9.30 am via our college bus. Totally 45 students along with 2 coordinators/faculty were there in the journey.

Industrial visits are arranged by colleges for the students to provide an opportunity to explore different sectors in which the students are passionate about it, Preparation for Real-world Situations, Problem-Solving Abilities, and Respect for Diverse Perspectives. Industrial visit helps to mix theoretical knowledge with practical knowledge in a good way. Hence, Industrial realities are opened to the students through industrial visits.

Purpose of the Industry Visit

Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies.

While studying in college before, theoretical classes are so boring; to balance the situation and keep it more interesting practical knowledge has been introduced.

Nowadays practical and other curricular activities are included in the part of the syllabus so that students can study more diligently. Similarly, an Industrial visit is a type of practical knowledge that introduces us to the working world. Before proceeding, we need to know what the industrial visit it serves several important Objectives:-

Exposure to Real-world Practices: Students get a chance to see how theoretical knowledge is applied in practical settings within the IT industry. This exposure helps bridge the gap between academia and industry, giving students a clearer understanding of their future roles.

Insight into Industry Trends: Industry visits offer students insights into the latest trends, technologies, and practices within the IT sector. This knowledge can be invaluable for students in shaping their career paths and making informed decisions about specialization areas.

Understanding Company Cultures: Visiting IT companies allows students to observe different organizational cultures, work environments, and management styles. This exposure helps students understand the diverse range of workplaces they may encounter in their careers and identify environments where they might thrive.

Practical Learning Opportunities: Some industry visits may include workshops, demonstrations, or hands-on activities where students can apply their skills and knowledge in a real-world context. This practical learning experience enhances their understanding and prepares them for future challenges in the IT industry.

Objective of the Industry Visit

The objective of an industrial visit is to provide students with an insight into the corporate world. It provides students with a practical real-world perspective on different functions in organizations such as Marketing, HR, Advance Technology, Customer Service, Logistics, etc.

Moreover, it gives exposure from the academic point of view to the students. The main aim of industrial visits \ Educational trips is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial Practices and working. Here are some specific objectives:-

Practical Insight: The primary objective is to give students a practical understanding of how IT companies operate, including their organizational structure, departments, and workflows. This exposure helps students relate theoretical knowledge gained in classrooms to real-world scenarios.

Career Exploration: Industry visits provide students with insights into various roles and career paths available within the IT industry. By observing professionals at work and engaging in discussions with them, students can gain clarity on their career aspirations and the skills required to succeed in their chosen field.

Networking Opportunities: Another objective is to facilitate networking between students and industry professionals. Meeting with employees of the IT company allows students to establish connections, seek advice, and potentially explore internship or job opportunities in the future.

Feedback and Reflection: Following the visit, students may be asked to reflect on their experiences and provide feedback. This helps educators understand the effectiveness of the visit in meeting its objectives and allows students to consolidate their learning.

Overall, the objective of an industry visit to an IT company for college students is to enrich their learning experience, broaden their horizons, and prepare them for future careers in the dynamic and rapidly evolving field of information technology.

Outcome /Observations

- Industrial Visit (IV) brings clarity to important management concepts, as students practical experience firsthand how these concepts are put into action.
 - Industrial Visit Bridge the gap between classroom theoretical training and practical learning in a real-life environment.
 - It provides an opportunity for students to ask questions related to their area of interest.
 - With regular industrial visits, the students are able to identify their prospective area of work like marketing, Advance Technology, Web Services, etc.
 - This also gives students a platform to enhance their interpersonal skills.
 - The students get to see the best practices opted by different companies for similar work.
 - Since the IV's are planned in various sectors, students find it easy to select relevant organizations for their assignments.
 - Using the case study approach within the visit to bring out cognitive thinking among students.

Conclusion

Industrial visits are arranged by colleges for the students to provide an opportunity to explore different sectors in which the students are passionate about advanced technology, Customer services, finance, and marketing. Industrial visit helps to mix theoretical knowledge with practical knowledge in a good way. Hence, Industrial realities are opened to the students through industrial visits.

Industrial visit is considered to be the most tactical method of teaching. A student pursuing a particular degree will be taken to companies or industries associated with their branch.

There the students will get to know the procedures, processes, work environment, management efforts taking place in the industry. The main reason behind this is, it lets students understand things practically through interaction with the industrial environment, working methods, and employment practices.

Moreover, it gives exposure from the academic point of view to the students.

The main aim of industrial visits is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial practices and working.

M/s. Catalogic Technologies LLP and New Arts, Commerce and Science College Parner, Ahmednagar, Affiliated to Savitribai Phule Pune University in India hereby agree to promote the academic exchange and the research cooperation between the two parties.

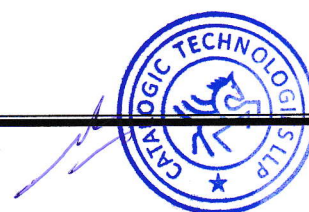

Brief Introduction of the institution:

New Arts, Commerce and Science College, Parner:

Ahmednagar Jilha Maratha Vidya Prasarak Samaj's (AJMVP) was founded in 1918 by the then social workers in Ahmednagar by taking inspiration from supreme sacrifice of Chattrapati Chouthe Shivaji Maharaj. The founders of the society were highly inspired by ideologies of Rajarshi Shahu Maharaj and Mahatma Phule. The mass education for the upliftment of downtrodden masses in rural area was the main objective of the institution. At present institute runs seven senior colleges, institutes of management research as well as hotel management and catering technology, a law college, college of engineering, 22 junior colleges, 47 secondary schools, 13 boardings, a primary school and a federal store in Ahmednagar district.

With a well-defined vision, New Arts, Commerce and Science College, Parner, Dist-Ahmednagar was established in July 1977 by AJMVP in a rented structure with enrolment of a mere less than 100 students. The college aims at the upliftment of society with quality higher education. College caters the needs of higher education of over 3500 students augmenting the socio-economic uplift of youths coming from diverse economic, social and geographical backgrounds. Today more than 48 % students are girls who got the opportunity to take higher education only due to this institution. Keeping pace with the changing times the College takes every effort to provide quality education to the deprived and rural masses of the society of this region.

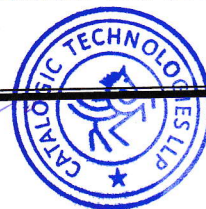

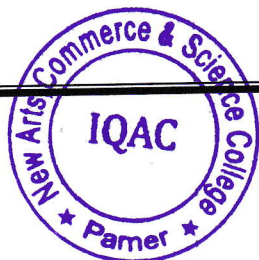

The College has in-built mechanism to generate feed-back on course content from all the stakeholders. Short term career oriented certificate courses, add on courses, value added courses as well as bridge courses are conducted for proficiency development of students and orient them in their future chosen professions. The College has in-built mechanism to monitor Teaching-Learning-Evaluation processes. The College IQAC identifies lacunae before formulating and planning the activities at the beginning of each academic year. Transparency is maintained at every stage in formulating and executing the planned activities. Efforts are taken to ensure social justice and equity by providing Remedial Teaching to students from backward classes and providing special facilities to differently able students. Bridge Courses are need based for

students shifting from one stream to another. Computer literacy is compulsory and ICT resources are exploited to optimum use. The Teaching-Learning is developed further student-centric by providing a large number of inter-disciplinary courses. Quality enhancement and sustenance is a continuous process. The college has organized National and International events in the form of Seminars, workshops, Symposia and Conferences. Staff members are also participating in large number of national/state level seminars, conferences, workshops and refresher courses for their professional development and to keep abreast with the recent advances.

The College makes conscious efforts in inculcating scientific temperament among staff and students. Research activities form part of the system. Nine faculties are approved guides for Ph.D. degree and more than 35 staff members are actively involved in research with approved ongoing major and minor research projects. The Management and the College Development Committee consistently encourage staff members to excel in research. College has recently established Central Instrumentation Facility equipped with sophisticated instruments essential for analytical facilities with the help of Department of Science and Technology of Government of India through their various funding schemes for the benefit of research students and faculties belonging to our HEI as well as others from this region.. A significant number of students also take part in research activities. Free consultancy is provided by the staff in soil and water analysis and community development. Extension activities have been remarkable in community and national development. Through its NCC, NSS programs and other Committees the College has left indelible impression in community development. The vibrant NCC unit of our college produced students for Republic Day parade at New Delhi for last ten successive years. Time and again the College has collaborated with Governmental and NGOs for implementing various social activities.

Spread over 11.4 acre of land the College has well-developed and maintained infrastructure necessary for 17 graduate, 11 PG, 5 Ph.D. programmes and professional courses like BCA, MCA, B.Sc. B.Voc. and MSc (Computer Science). The fully computerized central office, class-rooms, laboratories, library, girls' hostel indoor sport auditorium, auditorium, conference halls and highly equipped laboratories are spacious and well-ventilated providing the right atmosphere for learning. The College Library is well equipped and provides more than 45,000 references, journals, online journals and valuable books with INFLIBINET facilities and periodicals. The working hours and book lending facilities are convenient to the needs of the students. The Hostels with canteen facility and a separate Health Centre cater the needs of both day scholars and the resident students. The College Office is well furnished and adequately

manned with complete automation for admission process and record generation. The college has been identified as DST-FIST College since 2014 as well is recipient of various grants from funding agencies like UGC, SPPU, DST, DBT and MSSDS. We are proud of our alumni who excelled in universities as well as various fields in India as well as abroad wherever they are working for future career. Special emphasis is adopted by us for green methodologies in our day today practices.

The college has been re-accredited by NAAC, Bengaluru with CGPA 3.07 in September 2017 for the third time. Our college has been recipient of **Best College Award of SSP University** in 2014. Apart from this college has been recipient of many prestigious awards like **Best College Award 2013** (by Students Welfare Board, SPPU), **Best College Magazine Award** successively for two times (2013, 2014), **SPPU Best Teacher Award 2011**, **Road Safety Campaign Award** by Ministry of Higher Education, Govt. of Maharashtra successively for two times (2013, 2014), **SPPU, Best Students Welfare Officer Award 2014**, **Best NSS Officer Award** (2014-15, 2015-16), **Jagar Janivancha Award** successively for two times (2013, 2014) from Govt. of Maharashtra, **Best Principal Award** (2018), **Best College Award (NSS and SW)** (2019), **Higher Education Award** (2019) with total number of 25 awards till this day.

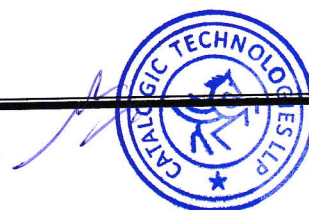

Aims and Objectives of proposed MoU:

1. For training and entraprenuareship development.
